Participatory Research

*A powerful tool of education
in changing behaviors for Climate
and Rights of Nature*

OSI in a few words:

Mission:

- Participatory Research
- Science and Sustainable Development Education
- Uphold the Sustainable Development Goals

International
organisation

Founded
in
1992

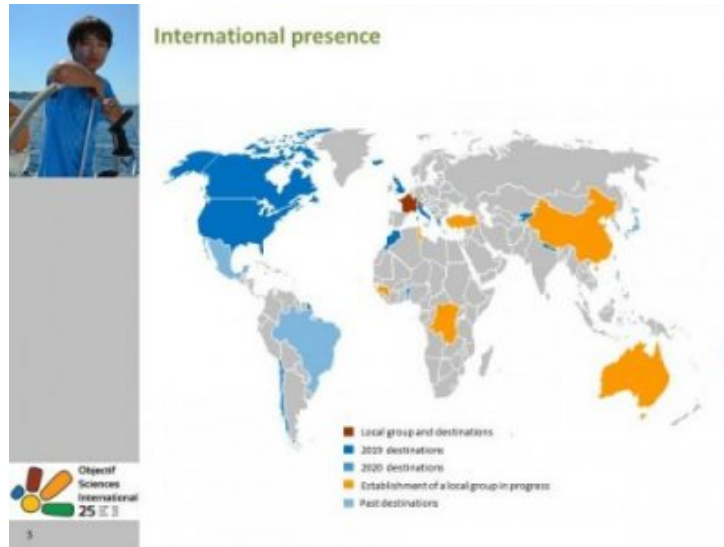

UN recognized
NGO

International headquarters
in Geneva

2

Our participatory science projects

For all

Broad range of scientific thematics
geology, climatology, ecology, biology, archaeology, paleontology, astronomy, robotics, technology...

International scientific partnerships
CNRS, INRA, Natural History Museum of Geneva...

All over the world

A professional team of local and international scientists and group leaders

Contribution to the local economy and ecology
at all our destinations

Scientific publication and presentation at the Geneva Forum by the participants of the results achieved during their camps

Trainings, School Trips, Holidays
Excursions, games, sports... to serve science or to relax

Participatory Research Components

In life, nothing is to be feared, everything is to be understood.
Marie SKŁODOWSKA-CURIE

3 practical illustrations : Case #1

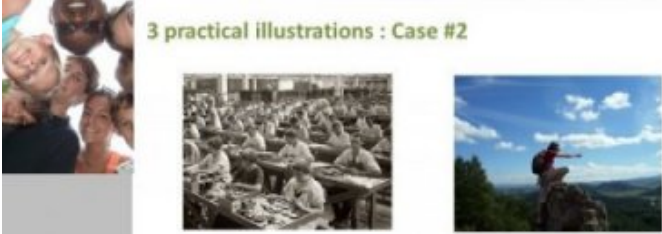

Education to Environment

Education to Nature Being Nature

3 practical illustrations : Case #2

Education without Nature

Education with Nature
Powerful Mindness
Project Based Learning

7

3 practical illustrations : Case #3

Education by Theory

Education by Doing Real Projects
Involment and Empowerment
Community Based Learning
Connection with Reality of Nature and Climate

8

Place to Be

GENEVA FORUM
at UN Geneva
